

INTERSHIP OPPORTUNITY ANNOUNCEMENT

Position: AUTO/DIESEL MECHANIC INTERSHIP (6-month contract)

Location: Windhoek

Organization Overview

Namib Contract Haulage (NCH) is a proudly Namibian passenger transport provider committed to delivering safe, reliable, and affordable travel services nationwide. Our iconic fleet, affectionately known as the “yellow buses” or “SWAPO buses,” is renowned for punctuality, comfort, and competitive fares. With a dedicated focus on commuter services, bus hire, and long-distance travel, NCH continues to play an essential role in connecting communities across Namibia.

As part of our commitment to providing hands-on experience, bridging the skills gap, and upholding industry standards and safety, we are pleased to offer a 6-month Auto/Diesel Mechanic internship opportunity to graduates:

Key Responsibilities

The successful candidate will be expected to perform the following duties, among others:

- Assist in ensuring that vehicles and trailers (if any) are roadworthy.
- Assist in reporting any mechanical faults on the vehicle as soon as detected.
- Assist in reporting and carrying out service on your vehicle on time.
- Assist in adhering to Company rules and regulations.
- Assist in following all instructions from the supervisor.
- Assist in avoiding interference with road inspectors.
- Assist in ensuring permission is granted before driving any vehicle.
- Assist in ensuring vehicles are parked safely at designated places only.

Requirements

- **Minimum Level 3 qualification in Diesel Mechanics** from a recognised vocational or technical institution.
- Strong communication and interpersonal skills

How to Apply

Interested candidates should submit the following documents:

- A detailed CV
- Certified copies of qualifications
- Certified copy of ID
